

MIDCO BRONZE WATER METER FLANGES

BY

MIDLAND MANUFACTURING COMPANY

Submittal Information

1 1/2" & 2" Sizes

Series 1900 (Regular) & Series 2900 (Heavy Duty)

Use The MIDCO Water Meter Flange is designed to connect a water meter to a water distribution system.

MATERIALS

Castings CA 87850 ECOBRASS - Ecobrass ASTM B30, B584, B806 is a lead-free brass alloy that is compliant with the California Lead Plumbing Laws, ANSI/NSF Standard 61 Annex G, ANSI/NSF 372, the National Lead Free Law, the Safe Drinking Water Act and Public Law 111-380.

Flange types are standard, standard with grooved backs, slotted and heavy duty.

Oval meter flanges faced and drilled to AWWA C700. Round meter flanges conform to ANSI B16.1.

Gaskets Our kits are supplied with a neoprene or red rubber gasket (either drop in, full face, or textured, upon request) for each water meter flange. All gaskets meet or exceed ANSI/AWWA C111/A21.11.

Bolts & Nuts Bolts meet mechanical SAE J429 Grade 5 and dimensional tolerances ANSI B18.2.1; nuts meet mechanical SAE J995 Grade 5 and dimensional tolerances ANSI B18.2.2; plating is ASTM F1491.

All Midland & MIDCO products are manufactured in the UNITED STATES OF AMERICA and are fully compliant with the "BUY AMERICAN" requirement of section 1605 of the American Recovery & Reinvestment Act of 2009, LEED 2009, FHWA Buy America, AIS, Conflict Minerals and Recycled Materials Certifications.
