NO-LEAD BRASS CERTIFICATION

Concerning:

*Compliance of California and other States Lead Plumbing Laws,
NSF/ANSI Standard 61 Annex G, NSF/ANSI Standard 372, the
National Lead Free Law, the Safe Drinking Water Act, and
Public Law 111-380 (effective 1-4-2014)*

by:

Midland Manufacturing Company

This is to certify that all brass/bronze castings as manufactured by Midland Manufacturing Company, Fort Worth, Texas, for use in potable water applications shall be in full compliance with the aforementioned regulations and shall contain no more than 0.25% lead by weight (except those items specifically exempt by the Standards). The brass alloy that is used for these components meet requirements of UNS #C87850 (ASTM B30, ASTM B584, ASTM B806) as listed in the ANSI/AWWA C800 Standard complying with the National Lead Free Law, the Safe Drinking Water Act, and Public Law 111-380. All components made from C87850 also meet requirements as specified by the state of California, NSF/ANSI Standard 61 Annex G, and NSF/ANSI Standard 372, as applicable.

The composition of C87850 is certified to be Copper – 76%, Zinc – 20%, Silicon – 3%, Phosphorus – 0.12%, Lead - .09% (max).
